

Temporary Expansion of the Supplemental Nutrition Assistance Program (SNAP)

The UNO Office of Financial Management Services (FMS) is pleased to announce that the U.S. Department of Agriculture (USDA) has approved a temporary expansion of the Supplemental Nutrition Assistance Program (SNAP) for the month of March 2021. This expansion is intended to provide additional support to households that are experiencing financial hardship due to the economic impact of the COVID-19 pandemic. The expansion will allow eligible households to receive an additional month of SNAP benefits, which will be credited to their Electronic Benefits Transfer (EBT) card on March 1, 2021. To be eligible for this expansion, households must be currently receiving SNAP benefits and must meet the program's eligibility requirements. For more information on the expansion and how to apply, please visit the USDA's website at <https://www.fns.usda.gov/snap>.
