

OT ON THE FIRST

“

My vision that with my OTD, I will have the potential to broaden my personal scope of practice to include more leadership, research, and education opportunities.

-Dan Gibbons, OT

“

The best part about being an occupational therapist is working with people who tell us about the value added to their lives.

-Margaret Spencer, OT

WORDS FROM SUCCESSFUL O.T. STUDENTS

“

My education consisted of 16-19 credit hours per semester, including 8.5 credit hours over the summer. I followed the traditional route, in-person lectures and labs every day, except Fridays. Fridays either consisted of volunteer work, extra lectures, study group sessions, and sometimes mandatory events related to the OT field. I took the typical time, 3 years to graduate."

-Creighton University Graduate
