DATES: July 3-28 – 4 weeks – (for 7 credits) or July 3-13 – 2 weeks (for 4 credits)

Description:

This is a program intended for students at any level in French. Classes meet about 30 hours per week. Once a week, there is an outdoor cultural activity linked with the week topic. No class meetings on Friday afternoons. Classes are small between 10 to 16 participants. Finally, you will be exposed to a truly international experience, since many of your classmates come from all around the world! (you will earn UNO 4 to 7 credits hours for this program)

Goals/ Topics

Students will be exposed or pursue their studies in the four critical components in language learning: speaking, listening, writing and reading. Upon arrival, students will take a placement test. Depending on their level, students will be able to also take advanced workshops on various topics: cinema, theater, advanced writing, contemporary France.

Requirements:

None
